
An Analysis of Image-to-Image Translation with Conditional Adversarial Networks

Connor Thompson

Soroush Khadem

Greg Lund

Chris Beggs

Abstract

1 Why this project

1.1 What GAN's are and why they're important

2 What we did

2.1 Data

2.2 Tools Used

2.3 Baseline

2.4 Motivation

3 Did it work?

3.1 Performance

3.2 Error Analysis

3.3 Challenges Faced

4 Individual Contributions
